- The tariff rates applicable to the given route for shipments with the same weight, dimensions and other characteristics are identical irrespective of the terms of delivery.
- Delivery from / to our terminal is available for the cities where our depots are located.
- Maximum weight per piece - 50 kg.
- Maximum weight per shipment – 250 kg.
- Maximum dimensions of one piece - length 120 cm, width 80 cm, height 80 cm.
- Volumetric weight:  $1 \text{ m}^3 = 167 \text{ kg}$ .

### *How to find out your tariff rate*

*Example: you require promo materials weighing 40 kg to be urgently delivered from Moscow to Vladivostok.*

1. Find your origin and destination in the Tariff Matrix to check if the service is available for the route involved.
  2. In the same table identify the tariff code for this route.
  3. Read down the leftmost column of the Tariff Table until you find the weight closest to the weight of your shipment.
  4. Read across from the weight identified in Step 3 until you reach the column with the tariff code identified in Step 2, this will give you the tariff rate for sending your shipment.
1. Both Moscow and Vladivostok are listed in the Tariff Matrix, which means that DPD AVIA EXPRESS is available for you on the Moscow – Vladivostok route.
  2. The tariff code for shipping from origin Moscow to destination Vladivostok is **A3**.
  3. Your shipment weight is 40 kg, the closest weight in the Tariff Table is 30 kg.
  4. **A3** tariff rate for 30 kg is 5,900 RUR; **A3** tariff rate for each additional kg is 190 RUR. Therefore, **A3** tariff rate for 40 kg equals: 5,900 RUR + (40 kg – 30 kg) \* 190 RUR = 7,800 RUR (excluding VAT and applicable surcharges).
