

DPD CLASSIC.

Optimal delivery of documents and parcels across Russia.

In time with business.

Quick guide:

- Terms of delivery: from shipper's door to consignee's door to 4,000 locations in Russia.
- Weight and dimensions:
 - Maximum weight per piece – 80 kg¹, maximum weight per shipment – 400 kg.
 - Maximum dimensions of one piece - length 120 cm, width 80 cm, height 80 cm².
 - Volumetric weight: 1 m³ = 167 kg.

How to find out your tariff rate:

1. Check if the service is available for your origin and destination using the "Tariff Zones" table.

If your location is not listed in the table, please contact your nearest DPD office to find out whether we service the location involved. Alternatively, check "Delivery Times" file (available in Russian) in DPD CLASSIC section in Domestic Services on www.dpd.ru or use our online calculator on www.dpd.ru (available in Russian).

2. In the same table identify tariff zone numbers for your origin and destination.
3. In the same table identify, which tariff type applies to your destination - the one for a bigger city / town / administrative centre ("City" type) or the one for other locations ("Reg" type).
4. Use the Tariff Matrix to find the applicable tariff code corresponding to the tariff zone numbers identified in Step 2.
5. Select a respective Tariff Table ("City" or "Reg") based on the tariff type identified in Step 3.
6. Read down the leftmost column of the Tariff Table until you find the weight closest to the weight of your shipment.
7. Read across from the weight identified in Step 6 until you reach the column with the tariff code identified in Step 4, this will give you the tariff rate for sending your shipment.

Example: you require accessories for mobile telephones to be delivered from St. Petersburg to Murmansk. The shipment weight is 50 kg.

1. Both St. Petersburg and Murmansk are listed in the "Tariff Zones" table, which means that DPD CLASSIC is available for you for shipping from St. Petersburg to Murmansk.
2. Your origin (St. Petersburg) is in tariff zone **A**, your destination (Murmansk) is in tariff zone **iii**.
3. "**City**" type tariff applies for shipping to Murmansk.
4. The intersection of origin tariff zone **A** and destination tariff zone **iii** the Tariff Matrix gives you the applicable tariff code – **C3**.
5. Select Tariff Table "**City**" to find your tariff rate.
6. Your shipment weight is 50 kg.
7. **C3 "City"** tariff rate for your shipment weighing 50 kg is **4,500 RUR** (excluding VAT and applicable surcharges).

In case "Reg" tariff type applies to your origin location, please contact your nearest DPD office to check whether shipment pick-up service is available in this location.

To check delivery times, please use our online calculator on www.dpd.ru (available in Russian).

¹ 31.5 kg for shipping to a number of remote locations – please contact your nearest DPD office for details.

² Length 100 cm, width 50 cm, height 50 cm to a number of remote locations – please contact your nearest DPD office for details.
